

What is PANORAMA?

- An initiative to support learning from good practices and replication of proven solutions
- Providing a platform to conservation and development practitioners for peer-to-peer exchange
- Connecting local action with global policy
- Including a leading web platform, uniquely combining online and offline learning
- 1,400+ Solutions
- 1,000+ Solution Providers
- ~120 countries
- ~ 25,000 website visits/month

BIÊN BẠC CHO CUỘC SỐNG VÀNG

“The building block approach has been very inspiring for our own work, and we plan to use it for our strategic planning.”

“This was such a great opportunity for me to share my solution – no one has asked me to do this before.”

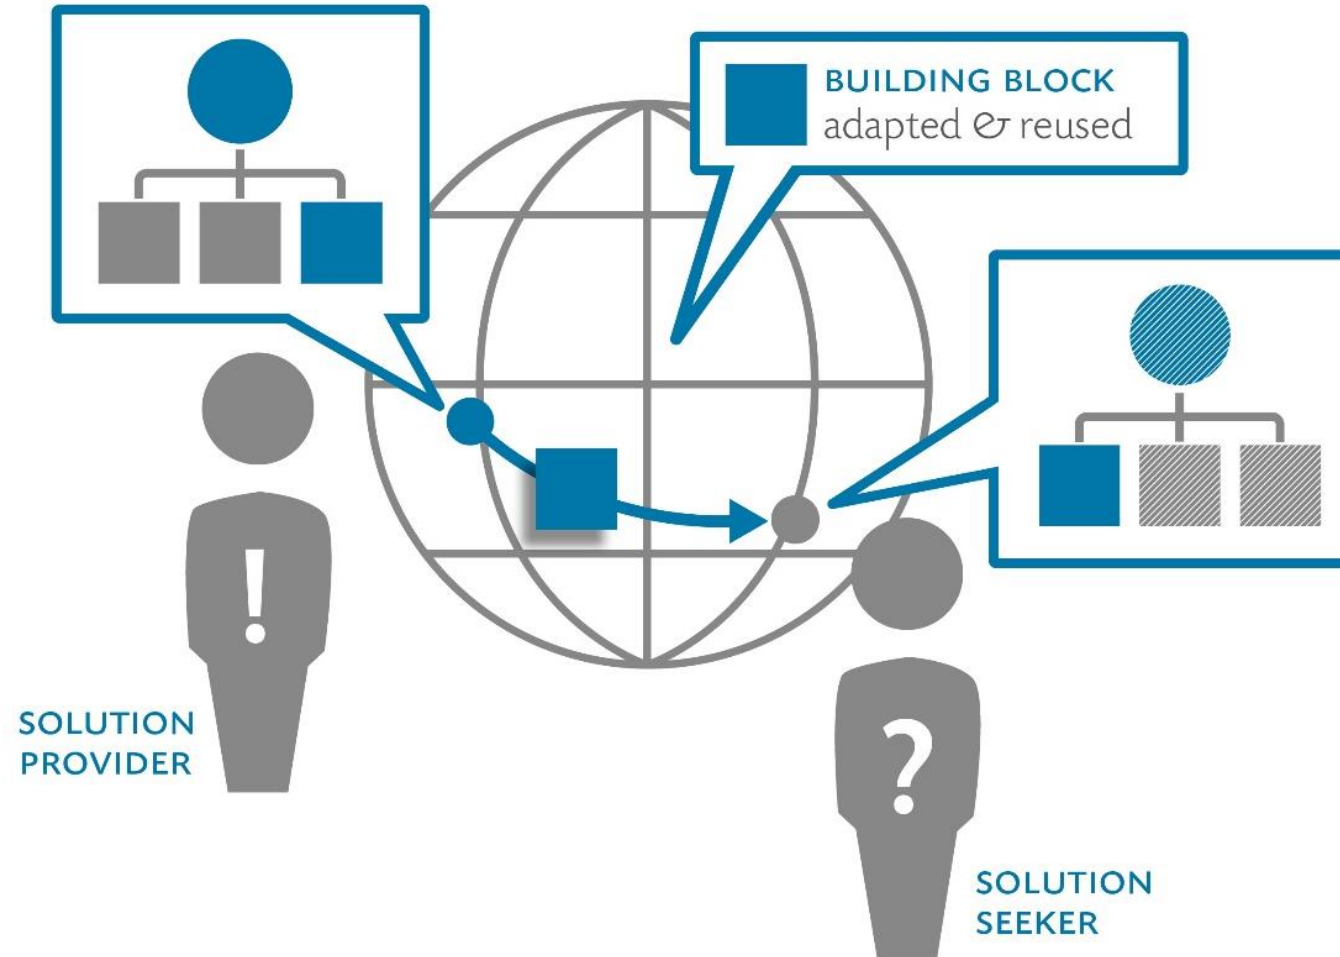

“I enjoyed figuring out how to encapsulate 23 years of experience.”

Photo by GRID-Arendal

Learning from what works

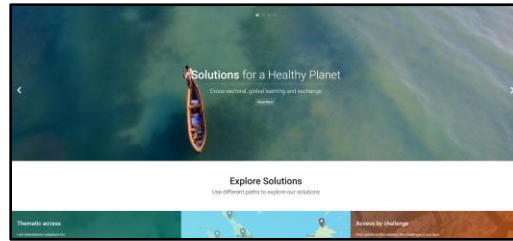

Case studies are documented as solutions using a standard format that identifies replicable "*building blocks*", describes the context in which the solution was implemented, as well as its impacts.

Purpose and services provided

Knowledge discovery and provision

- Targeted solution sourcing
- Guided reflection
- Online platform

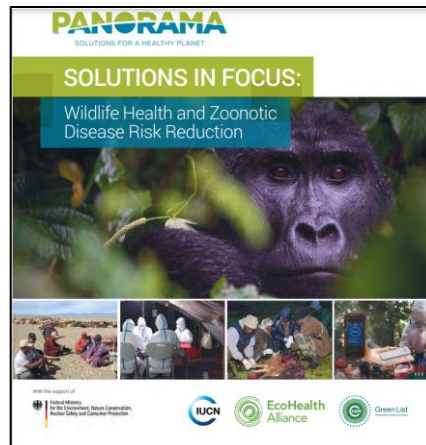

Knowledge exchange

- Workshops, events
- Trainings

Analysis and guidance

- Solution synthesis
- Thematic publications

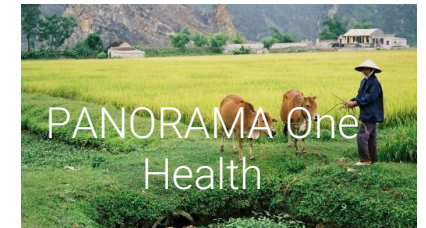

Knowledge dissemination

- Newsletters
- Social Media
- Videos

Networking and communities of practice

- 11 themes
- Side events
- Ambassadors Programme

The Platform

- panorama.solutions is the primary online resource for good practices in nature conservation and sustainable development.
- Here, users can:
 - *Publish their solutions*
 - *Explore existing solutions across the PANORAMA Communities*
 - *Connect with each other*
 - *Gain insights from resources such as solution publications*
- In 2023, we had over 240,000 visits to the platform from around 180 different countries.
